To Be Sold to the Highest Bidder Without Reserve

By the Cataloguer
M. H. BOLENDER
1126 BENSON BLVD.
FREEPORT, ILLINOIS

TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25 % of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5 % above the highest actual bid entered.

The terms are prompt cash settlement after sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5 % will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes**. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece**.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5 % advance over the highest actual bid.

Between the seller and buyer, my position is describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector ac-

quires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

NOTE—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at this sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost \$1. Before, they are 50 cents.

A TRIP ABROAD

(Continued from 125th catalogue)

It is a summer Sunday today in Bavaria, a suitable day for the trip we have planned. Twenty American tourists leave Munich in the morning, riding a larger comfortable German motorbus. We travel thru a plateau country, in hilly or mountainous country for several hours to the south, until we are in the very southern part of Germany, and stop at a large power dam fed by Lake Walchensee two hundred meters above, and which is 2600 feet above sea level. We are in the Bavarian Alps, famous for their ski hills. See the quaint onion-top churches in the rural communities, the beautiful trees and forests. In the valleys are the crops, badly damaged by a recent hail storm. Here we are interested in a Tyrolean shepherd with his flock of sheep. In the villages, are seen men in their best Sunday dress, sitting in front of the homes and shops. Fancy vests and green feathered hats seem to be the style for the best-dressed young men. The young women dress neatly also, and look pretty. Just to the south of us is the Tyrol.

By noon we have arrived at Garmisch-Partekirschen, the small village where the Winter Olympic games were held in February, 1936. These games were attended by 800,000 persons, and won by Norway. The United States did poorly and all they got was first place in the two-man bobsled event. Sonja Henie won the fancy skating event here for the third time at the Olympics. We look over the two ski jumps, a large and a small one. Here Birger Ruud of Norway placed first with a 246-foot

jump. We enjoyed a very fine roast pork dinner in a village restaurant. The villagers saw busy days during the Olympics.

Over winding roads to the west we come to Oberammergau, famous as the small city where the Passion Play is enacted every ten years. The population is less than 2,000. Many of the outside walls of the houses are decorated with fresco paintings, reproduced from famous biblical masterpieces. The villagers make pottery and toys, carve wooden crucifixes, make rosaries and images of saints. They conduct shops, selling many things to the tourist trade.

In the year 1633 the village was stricken with the Black Death. As an expression of gratitude for the recovery, the people vowed to enact the passion play every ten years. The first performance was in 1634, and every ten years until 1674, then changed to decimal years, but none given in 1870 because of the Franco-Prussian War. About 300,000 persons witness the play in a season. The play begins at eight in the morning, and lasts for eight hours, with a short noon intermission. There are eighteen acts and tableaux. The 700 characters are all native villagers, and must live there and have fine reputation to have a part. 100 persons make up the orchestra and the chorus of voices. The play portrays the events of the last few days of Christ on earth. The auditorium holds 6,000 from which the play is viewed through a large oval opening, the platform being in the open air. When weather permits, the natural mountain scenery is used. Artificial scenery is otherwise used. The costumes are of the finest materials, and magnificent to look at, and are kept in glass cases, and wardrobes. The characters grow and train their beards and hair, and study during the ten years of preparation. We had the pleasure to meet Anton Lang, and talk with him. He portrayed the part of Christ, and always tried to live and act as nearly as possible like the One whose part he portrayed. Anton Lang has since died. The proceeds from the play is divided between the cost of preparation of the play; cost of housing visitors; one-fourth to the church; a fourth to the players.

A northeasterly drive late in the afternoon for several hours took us through a fine game preserve, where many wild deer and smaller animals abound, and were seen.
